

BEFORE YOUR SCHEDULED INDUCTION....

Call the Meriter Birthrooms Triage 417-6228 by 6:00-6:30 a.m. on _____.

If they give you the “go-ahead”, plan to try to be there by 7:30 a.m. Park in the parking lot and you can have your parking ticket validated by Guest Services at some point.

If you are unable to be admitted right away, the Triage nurses at Meriter will give you instructions on when to call back. While none of us likes to have your admission postponed, the hospital also wants to make sure you have a Nurse available and a room to be admitted to. Occasionally, the volume of patients already laboring delays this for some time.

You may eat a light breakfast on that morning. Please follow any other instructions you are given.

Please call Triage 417-6228 or Madison Women’s Health at 729-6300 if you have questions.
